8. GODIAG for BMW CAS4 /CAS4+ Programming Test Platform Structure Description

- ① DB25 female connector(used to connect the male port of GODIAG GT100 / GODIAG OBD2).
- ② Ignition simulated start switch.
- ③ Immobilizer dashboard simulated indicator.
- ④ Key sensing area.
- ⑤ Screw bolt.
- ⑥ Godiag OEM dedicated CAS4 CAS4+ power adapter or CAN Communication adapter.
- ⑦ Godiag OEM dedicated CAS4 CAS4+ start control adapter.

9. Dimension & Package

Package includes:

- 1pc x GODIAG Test Platform For BMW CAS4 / CAS4+ Programming
- 1pc x GODIAG OBD2 to OBD25 Cable
