

Transmission joint and code, applicable model					
In code	The name of the joint	The picture	Applicable models	Transmission model	Note
A01	Toyota crown new sub components (one quick connect type)		New crown, reiz lexus IS300 lexus ES300 lexus GS300	A960E	Open the machine cover, remove the battery and air, need their rotation screwdriver twist transmission at the top of the rectangular cold, then four corners mount screws, special fixed interface to operation
A02	Audi outside cone joint component		The audi A4, A6 passat 5 HP	To simulate the seven-speed CVT (01)	Remove the car chassis gearbox pads, find gearbox cooling tubing in rod position before, and then turn on the connection with a wrench screw, one male, one female operation (this transmission will be easy to dismantle the wrong steering oil pipe, need to be careful judgment)
A03	Buick joint		(Cadillac SRX **, Buick lacrosse, regal, excellite, Enclave, the cora, model), the Chevrolet (le chi, passat, cruze, taxes treasure, style, jingcheng), dodge and cool bo (CVT), guidelines, the grand Cherokee series	4 speed / 6 speed precursor/all-wheel-drive (6 l40 / t45e / 4 l 60)	Buick, Chevrolet models generally remove transmission heat pipe and the small spring water tank connection, and then put on special interface with spring to operation (tank above narrow interface position is not easy to operation, suggest to remove water! Box below the interface)
A04	The old crown joint component (split type)		Old crown, reiz	6 speed precursor/all-wheel-drive (A760 / A761 / A96 0)	In transmission on the left side of the removed inter-cooled, using a special twist interface threaded into the gearbox oil in and out of the mouth
A05	Roewe joint (SMP)		Roewe, Volvo S40, S60	5 speed precursor/all-wheel-drive (A455-50 sn)	Pull down the gearbox cooling tubing quickly remove interface, then stuck on the specialized operation interface
A07	Audi inner cone joint component		The audi A4, A6 passat 5 h	Simulation of 8 speed CVT (01 t)	Remove the car chassis gearbox pads, find gearbox cooling tubing in rod position before, and then turn on the connection with a wrench screw to operation, one male, one female (this transmission will be easy to dismantle the wrong steering oil pipe, need to be careful judgment)
A08	The land rover is sub components		Land rover freelandr two-thirds roewe 750	6 speed all-wheel-drive (TF - 815 - c)	Directly down on a gearbox cooling tubing, turn on male female screw docking operation
A09	The BMW X5 is joint components (one-piece)		BMW X5	6 speed all-wheel-drive (ZF6HP19/21)	Open transmission is connected to the water tank on the heat pipe interface, connection to operation
A10	The BMW X6 is sub components		The BMW X6	6 speed all-wheel-drive (ZZF6HP26/28)	Down the transmission is connected to the water tank on the heat pipe interface
A11	The BMW 5-series is 3 series connector components (quick connect type)		BMW 3 series, 5 series, 7 (6 speed), BMW X5	After 6 speed drive/all-wheel-drive (ZF - 6 hp9/21/24/28/28)	Down close to the water tank of the heat tubing fast interface (old X5 public interfaces need to cut off a centimeter, after put on special interface operation, remove the fast interface need special tools)
A12	Citroen C5 connector components		Mark 207/307, Citroen sega triumph	4 speed precursor (A14)	Remove the car left the front wheel, you can see the left side of the gearbox independent cold machine (round) directly removed, intermediate screws operation after the special interface
A13	Peugeot C5 connector components (new)		Mark 3008 4008, 58 Citroen C5 / C4	6 speed precursor (TF - 80 - sc)	Remove the chassis pads, you can see ahead a gearbox independent inter-cooled (round), directly removed, intermediate screws operation after the special interface
A14	Peugeot family joint component		Mark 3008 C5 / C4	6 speed precursor (TF - 80 - sc)	Remove the chassis pads, you can see ahead a gearbox independent inter-cooled (round), directly removed, intermediate screws operation after the special interface
A15	Buick sail head components		Buick sail	4 speed precursor	A car
A16	Mass 09 g round aluminum joint component		Volkswagen (baolai, soar team, lauida, palmer Sartre, santana, jetta, piece) skoda (crystal sharp, Octavia, HaoYue) pentium B50, B70, B90, MPV) 09 g wave tank	6 speed precursor/all-wheel-drive (TF - 61 sn)	Open the machine cover, remove the air device, need their rotation screwdriver twist transmission at the top of the cylindrical inter-cooled device of a screw, and then fitted with a special interface to operation (have to mount small circle past, or it will not seal)
A17	Volkswagen baolai golf polo lauida skoda transmission joint component		Volkswagen (baolai, soar team, lauida, palmer Sartre, santana, jetta, piece) skoda (crystal sharp, Octavia, HaoYue) pentium B50, B70, B90, MPV) 09 g wave tank	6 speed precursor/all-wheel-drive (TF - 60 sn)	Open the machine cover, remove the battery and air, need their rotation screwdriver twist transmission at the top of the rectangular cold, then four corners mount screws, special fixed interface to operation
A18	Volkswagen's older baolai baolai classic golf 4 generation transmission joint		The mass baolai, passat, lauida The skoda Octavia polo four shell worm 01 m wave box	4 speed precursor (01 m)	Open the machine cover, radiator gearbox, turned the cold front two screw, apart after cold machine use the screw to two professional interface connected to operation respectively
A19	Soar team magotan new passat CC Super 09 g automatic transmission joint components		Volkswagen (baolai, soar team, lauida, piasat, santana, jetta, piece), skoda (crystal sharp, Octavia, HaoYue) pentium B50, B70, B90, MPV) 09 g wave tank	6 speed precursor/all-wheel-drive (TF - 60 sn)	Open the machine cover, remove the battery and air, need their rotation screwdriver twist transmission at the top of the rectangular cold, then four corners mount screws, special fixed interface to operation
A20	2.0 dongfeng nissan gearbox One-piece joint component		New sunshine, versa, sylphy sunshine, qashqai CVT	Simulation of 6 speed CVT (REDF018 a)	Lift up the vehicle car guard board, remove independent external cold, in front of the gearbox's good at screw can be fitted with a special interface operation
A21	New dongfeng nissan gearbox One-piece joint component		Nissan/nissan/NISSN sunshine new CVT, nissan teana (thick) / 2.0 L Mitsubishi dazzle/Europe, CVT transmission	Simulation of 6 speed CVT (JF011E/REOF0A)	Lift up the vehicle in the lower right remove independent external gearbox inter-cooled, aim at the good screws can be fitted with a special interface operation
A22	Toyota's new to dazzle corolla Ralink gearbox sub components		The new Toyota from ralink/corolla	Simulation of 6 speed CVT (K110)	Open the machine cover, need their rotation screwdriver twist open square independent variable speed box at the top of the heart, and then four angles to use special screws good interface to operation

Transmission joint and code, applicable model					
In code	The name of the joint	The picture	Applicable models	Transmission model	Note
A23	Dongfeng Honda gearbox Type connector components		East the Jed	Simulation of CVT (CN1A)	Open the machine cover, need their rotation screwdriver twist open square independent variable speed box at the top of the heart, and then four angles to use special screws good interface to operation
A24	Mercedes-benz MI transmission joint component		Mercedes A.B.C M.L.E. GL. S series	After 7 speed drive/all-wheel-drive (722.9)	Remove the chassis pads, removing the connected to the water tank of the heat tubing fast interface (circip fasten)
A25	Toyota rand cool LuZe 4.6 displacement transmission joint component		Toyota rand cool LuZe	5 speed all-wheel-drive	Remove the chassis pads (close to the gearbox of the left side) find the gearbox of inter-cooled removing can be fitted with a special interface after operation
A26	The concept of the public way transmission joint component		Public road view (09 m gearbox)	6 speed precursor/all-wheel-drive (9 m)	Open the machine cover, remove the battery and air, need their rotation screwdriver twist transmission at the top of the rectangular cold, then four corners mount screws, special fixed interface to operation
A27	Touareg 09 d transmission joint component		The new audi Q7. The cayenne. Touareg	6 speed precursor/all-wheel-drive (TR - 60 sn)	Remove the chassis pads (close to the lower left headlight location), find the gearbox cooling tubing connection position removing can be fitted with a special interface after operation
A28	Joint A28 Benz E series gearbox components		Mercedes E series	After 7 speed drive/all-wheel-drive (722.9)	A car
A29	Touareg 8 speed gearbox sub components		Touareg/cayenne/Q7	8 speed all-wheel-drive (OC8 / TR - 80 sd)	Remove the chassis pads find gearbox cooling oil tube fitted with a special interface to operation after removing the connection position
A30	8 HP BMW joint transmission joint component		BMW 3 series, 5 series, 7 series, BMW X5 (8 speed)	8 speed all-wheel-drive (ZF8HP45/70/90)	Remove the chassis guard board on the right side close to the gearbox transmission screw pull down cooling pipe connections, and then fitted with a special interface operation after screws
A31	Land rover 6 HP - 24 transmission joint component		Range rover found. The aurora	6 speed all-wheel-drive (6 HP - 24)	Remove the chassis guard board on the right side close to the gearbox transmission screw pull down cooling pipe connections, and then fitted with a special interface operation after screws
A32	BMW 6 HP gearbox connector components		The BMW 7 series. The BMW X6	5 speed precursor/all-wheel-drive (AV55-50 sn)	Pull down the gearbox cooling tubing quickly remove interface, then stuck on the specialized operation interface
A33	Audi inner cone joint component		The audi A4, A6 passat 5 h	BMW's joint 6 HP	Remove the chassis guard board on the right side close to the gearbox transmission screw pull down cooling pipe connections, and then fitted with a special interface operation after screws
A34	Qashqai 2011 joint transmission components		Nissan qashqai Jun, versa, sylphy music, guide, free Renault, dazzle	6 speed CVT (JF011E/REOF1 0 /11 a)	Lift up the vehicle in the lower right remove independent external gearbox inter-cooled, aimed at a good screw can be fitted with a special interface operation (trouble in handling after removing the battery)
A35	The public CC2010 paragraph 09 g Joint components		In 2010, Volkswagen CC	6 speed precursor (09 g)	Open the machine cover, remove the air case, need their rotation screwdriver twist transmission at the top of the rectangular cold, then three Angle mount screws, Fixed the special interface to operation
A36	Land rover aurora 9 at transmission joint component		Land rover aurora	9 speed precursor (9 HP - 28)	Elevator lift vehicles, car guard board, remove independent external cold, in front of the gearbox's good alignment screws can be fitted with a special interface operation
A37	Mazda C - X5 joint transmission components		Mazda CX - 5	6 speed precursor/all-wheel-drive (ats) 6	Elevator lift vehicles, car guard board, remove independent external cold, in front of the gearbox's good alignment screws can be fitted with a special interface operation
A38	Vw magotan view C6 speed DSG gearbox connector components		Vw magotan. View C6 speed DSG wave tank	6 speed precursor (DQ250)	It is recommended to use wet dual-clutch DSG for oil
A39	Q5 A8 gearbox sub components		The audi Q5, A8	8 speed all-wheel-drive (ZF8HP55)	Remove the car chassis guard board, at the right side of automatic transmission pull down the screw of the cooling pipe fixed on the gearbox, and then fitted with a special interface operation after fasten screws
A40	Mercedes five speed gearbox sub components		Mercedes SLK200 / CLK	After 5 speed drive	Open the machine cover, under the left position of headlamps find gearbox is connected to the cooling pipe on the tank and can remove the quick clamp ring (need to remove the gearbox cooling pipe fixed on the frame of the screw)
A41	Corolla K311 transmission joint component		14 years, a new corolla	K310	Open the machine cover, need their rotation screwdriver turn on independent inter-cooled transmission at the top of the square, and then use special screws good interface to operation
A42	The new audi A6LA4L gearbox connector components		The new audi A6LA4L	To simulate the seven-speed CVT (011)	Remove the car chassis guard board on the fixed transmission gearbox right down cooling tubing screw, then the interface on the mount operation after fasten screws
A43	Cadillac joint component		The CTS/SRX	5 speed all-wheel-drive 140e (5)	A car

Transmission joint and code, applicable model					
In code	The name of the joint	The picture	Applicable models	Transmission model	Note
A44	Citroen 1.6 T joint component		Citroen 1.6 T	6 speed precursor	A car
A45	Ford TF - 80 joint component		Ford Volvo 6 speed	6 speed precursor/all-wheel-drive (CV6P)	A car
A46	Ford explorer sub components		Ford explorer	6 speed precursor/all-wheel-drive (6 l35/50)	A car
A47	Volvo its V60 8 speed gearbox connectors		Volvo its V60, Cadillac XT - 5	8 speed precursor (TG - 81 sc)	A car
A48	Maserati transmission joint HP - 26		maserati	After 6 speed drive (6 HP - 26)	A car
A49	The audi Q3 gearbox joint		The audi Q3	Seven-speed wet dual clutch (Dq450)	A car
A50	Geely joint		Geely at6 - a DSL	6 speed precursor (DSL - 6 at400)	A car
A51	Ford, wing tiger connectors		Ford escape	6 speed precursor/all-wheel-drive (CV6P - 7000 - B)	A car
A52	Volvo transmission joint		Volvo XC60, XC90	TF-81SC	A car
A53	The new FIT CVT Transmission joint		The new FIT/CVT	Simulation of CVT (CN1A)	A car
A54	The new crown 8 speed gearbox connectors		Crown 2.0 T Lexus LS460 / LX570	AA81E	A car
A55	BMW X3, BMW X 1, the BMW 3 series connectors		BMW X3, the BMW X1, BMW 3 series Cadillac	GM6L45E	A car
A56	09 g wave tank		09 g wave tank	09 g	A car
A57	09 g wave tank		09 g wave tank	09 g	A car
A58	Volvo S80		Volvo S80	5 speed precursor/all-wheel-drive (AV55-50 sn)	A car
A59	Mercedes-benz B200 gearbox sub components		Mercedes-benz B200 double clutch	Double clutch	A car
A60	mitsubishi		Mitsubishi wing god	CVT	A car
A61	The new regal fox 1.8 1.6 Cadillac sharp treasure		The new regal fox Cadillac Michael sharp treasure	6 e 140 45 6 l70e 6 l75e	A car
A62	BMW 525 11		BMW 525 11	6 speed all-wheel-drive (ZZF6HP26/2 8)	A car
A63	Reiz Toyota crown 3.0 3.0 gearbox Head of the component		Reiz Toyota crown 3.0 3.0	A760E	A car
A64	Chevrolet 6 t transmission joint component		Lacrosse, regal, excellite, enclave, the cora, new model, the Chevrolet. The pazzi, cruze, taxes, jingcheng treasure	6 l40e 6 l45e	A car
A65	Lufeng 8 joint ats series gearbox components		Lufeng X5 - X7	sr8at - 300	A car
A66	8 HP grand Cherokee Land rover transmission joint component		8 HP grand Cherokee jaguar land rover	ZF8HP75 ZF8HP70	A car

Transmission joint and code, applicable model					
In code	The name of the joint	The picture	Applicable models	Transmission model	Note
A67	Suzuki, feng yu CVT transmission joint component		Suzuki, feng yu CVT	JF015E	A car
A68	Mazda Honda, Toyota, Buick gm byd transmission joint component		Mazda Honda, Toyota, buick gm byd	6 speed precursor/all-wheel-drive (TF - 61 sn)	A car
A69	Buick gm byd		Ford and Volvo double clutch	6 dct450	A car
A70	Mercedes transmission joint component		Mercedes 722.6	4 speed precursor (01 m)	A car
A71	BMW ZF6HP Gearbox head component		The BMW 7 series, 6	ZF6HP-19/21	Open the machine cover, remove the battery and air, need their rotation screwdriver twist transmission at the top of the rectangular cold, then four corners mount screws, special fixed interface to operation
A72	BMW 8 HP transmission components		BMW 3 series 5 series 7 series BMW X5	8 speed all-wheel-drive (ZF45/70/9 0)	Lift up the vehicle car guard board, remove independent external cold, in front of the gearbox's good at screw can be fitted with a special interface operation
A73	09 g universal joint transmission components		New santana. The new jetta 09 g universal joint	09g	A car
A74	Honda, platinum farce gearbox Joint components		Honda, platinum, and praise	DSG8	A car
A75	Fox gearbox sub components		fox	4 l27t	A car
A76	Ford mustang gearbox sub components		The ford mustang	6 80e	A car
A77	The grand Cherokee 8 HP transmission joint component		Grand Cherokee	8HP	A car
A78	Mercedes dual-clutch box joint component		Import level grade A/B / CL-A200, Mercedes, Benz, Beijing Benz	T24.0(7G-DC1)	A car
A79	Land rover found four transmission joint component		Land rover found 4	6HP-28	A car
A80	The concept of the public way transmission joint component		View of the public way (09 m gearbox)	6 speed precursor/all-wheel-drive (9 m)	A car
A81	Jaguar, audi transmission joint component		Jaguar, audi	ZF 6 hp26	Share body with A07
A82	Kei transmission components		The kei GS8		A car
A83	Audi A6L gearbox sub components		Audi A6L	OAW	A car
A84	Vw magotan view gearbox Joint components		Mass (baolai/soar team/lauida/passat, santana, jetta/piece) skoda (crystal sharp/sharp/superb) (BSQ/B70 / B90 / MPV) 09 g wave tank	The six-speed precursor/all-wheel-drive	A car
A85	Cadillac 5 l transmission joint component		Cadillac CTS/SL/SRX, buick royaum, boulevard, (5 l40/50 e)	5 l40/50e	A car
A86	Matt power transmission components		Matt wei	OBT	A car
A87	General transmission joint component		BMW Universal joint		A car
A88	Mercedes transmission joint component		Mercedes GLK A180 A200 B180 B200 B260 CLK AMG GLA	Double clutch (7)	A car
A89	Special gearbox connector components		Special joint		A car
A90	New audi Q5 transmission joint component		New audi Q5		A car
